BUILDING PERMIT APPLICATION - GRAND BLANC TOWNSHIP

HOMEOWNER SIGNATURE REQUIRED ON THIS PAGE IF HOMEOWNER OBTAINING OWN BUILDING PERMIT

The Michigan Licensing Law gives the homeowner an exemption to act as the general contractor if the homeowner is building his own residence for his own use. This means that, in the case of his own single family residence (not a duplex or apartment building) the homeowner may act as the general contractor, even though a licensed builder may be significantly involved. 339.2403 of the Michigan Occupational Code states:

A person may engage in the business of or act in the capacity of a residential building without having a license if the person is:

An owner of property with references to a structure on the property for the owner's own use and occupancy

If the homeowner acts as the general contractor and pulls the permit he should be made aware of the following:

THAT AS THE PERMIT HOLDER, THE HOMEOWNER INCURS ALL OF THE LIABILITY AND ALL OF THE RESPONSIBILITY THAT THE LICENSED CONTRACTOR WOULD NORMALLY ASSUME.

THIS MEANS THAT:

- 1 IT WILL BE THE HOMEOWNER'S RESPONSIBILITY TO CORRECT ANY CODE VIOLATIONS, EVEN IF THE CONTRACTOR OR ANY OTHER PERSONS DID THE WORK.

- 2 THE HOMEOWNER CAN BE HELD LIABLE FOR ANY INJURY WHICH OCCURS ON THE JOB, WHETHER IT IS A BUILDER'S OR SUBCONTRACTOR'S EMPLOYEE.

- 3 THE HOMEOWNER IS RESPONSIBLE FOR WORKER'S COMPENSATION, ALL WITHHOLDING TAXES, BOTH FEDERAL AND STATE, AND FAICA TAXES FOR ALL PERSONS ON THE JOB.

- 4 IN THE EVENT OF AN OCCURRENCE BEYOND THE BUILDER'S CONTROL (LAWSUITS, ETC.) WHICH CAUSES THE BUILDER TO BE UNABLE TO COMPLETE THE WORK, THE HOMEOWNER WILL BE LEGALLY RESPONSIBLE FOR THE COMPLETION OF THE JOB.

I, _____, HAVE READ AND UNDERSTAND THE ABOVE INFORMATION.

V. APPLICANT INFORMATION

APPLICANT IS RESPONSIBLE FOR THE PAYMENT OF ALL FEES AND CHARGES APPLICABLE TO THIS APPLICATION AND MUST PROVIDE THE FOLLOWING INFORMATION:

NAME	ADDRESS		
CITY	STATE	ZIP CODE	TELEPHONE NO.

I HEREBY CERTIFY THAT THE PROPOSED WORK IS AUTHORIZED BY THE OWNER OF RECORD AND THAT I HAVE BEEN AUTHORIZED BY THE OWNER TO MAKE THIS APPLICATION AS HIS/HER AUTHORIZED AGENT, AND WE AGREE TO CONFORM TO ALL APPLICABLE LAWS OF THE STATE OF MICHIGAN. ALL INFORMATION SUBMITTED ON THIS APPLICATION IS ACCURATE TO THE BEST OF MY KNOWLEDGE.

Section 23a of the state construction code act of 1972, 1972 PA 230, MCL 125.1523A, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Violators of section 23a are subjected to civil fines.

I hereby certify that work described on this permit application shall be installed by myself in my own home in which I am living or about to occupy. All work shall be installed in accordance with the building code and shall not be covered up, enclosed, or put into operation until it has been inspected and approved by the Township Inspector. I shall cooperate with the Township Inspector and I assume the responsibility to arrange for all necessary inspections.

BULLETIN **SETBACK/GRADE PERMIT**

EFFECTIVE >>> JANUARY 1, 2004

PLEASE READ CAREFULLY – THERE WILL BE

NO EXCEPTIONS

- 1) **Foundation certification MUST BE SUBMITTED 72 HOURS PRIOR** to request for rough building inspection. NOTE: 72 hours is the equivalent of three (3) business days.
- 2) **As-Built MUST BE SUBMITTED 72 HOURS PRIOR** to request for final/c of o inspection. NOTE: 72 hours is the equivalent of three (3) business days.
 - a. **ALL As Built documents are subject to field verification.** Please be advised that if the site does not correspond to the submittal, the document will be rejected and a final/c of o inspection will not be performed until the matter is resolved.
- 3) If problems exist with the As Built and the structure is ready for final/c of o inspection, **the township may, with evaluation on a case-by-case basis, accept a \$2,500 bond against the setback/grade permit, refundable upon final approval of the setback/grade permit.** If accepted, this would allow for final/c of o inspection for sale or occupancy of a home.
- 4) **THE PERMIT FEE** for Setback/Grade permits will be changed. The new permit fee will be: **\$100.00 for the first acre, \$25.00 for each additional acre.**

Act No. 495
Public Acts of 2002
Approved by the Governor
July 2, 2002
Filed with the Secretary of State
July 3, 2002
EFFECTIVE DATE: July 3, 2002

**STATE OF MICHIGAN
91ST LEGISLATURE
REGULAR SESSION OF 2002**

Introduced by Reps. Kuipers, Raczkowski, Ehardt, Kowall, Bishop, Bisbee, Drolet, Vear, Palmer, DeRossett, Voorhees, Vander Veen and Patterson

ENROLLED HOUSE BILL No. 5819

AN ACT to amend 1980 PA 299, entitled "An act to revise, consolidate, and classify the laws of this state regarding the regulation of certain occupations; to create a board for each of those occupations; to establish the powers and duties of certain departments and agencies and the boards of each occupation; to provide for the promulgation of rules; to provide for certain fees; to provide for penalties and civil fines; to establish rights, relationships, and remedies of certain persons under certain circumstances; to repeal certain parts of this act on a specific date; and to repeal certain acts and parts of acts," by amending sections 2012 and 2014 (MCL 339.2012 and 339.2014), as amended by 1992 PA 103.

The People of the State of Michigan enact:

Sec. 2012. (1) The following persons are exempt from the requirements of this article:

(a) A professional engineer employed by a railroad or other interstate corporation, whose employment and practice is confined to the property of the corporation.

(b) A designer of a manufactured product, if the manufacturer of the product assumes responsibility for the quality of the product.

(c) An owner doing architectural, engineering, or surveying work upon or in connection with the construction of a building on the owner's property for the owner's own use to which employees and the public are not generally to have access.

(d) A person not licensed under this article who is planning, designing, or directing the construction of a detached 1- and 2-family residence building not exceeding 3,500 square feet in calculated floor area. For purposes of this subdivision, detached 1- and 2-family residence building does not include an adult foster care home licensed under the adult foster care facility licensing act, 1979 PA 218, MCL 400.701 to 400.737.

(e) A person who is licensed to engage in the practice of architecture, professional engineering, or professional surveying in another state while temporarily in this state to present a proposal for services.

(2) As used in this section:

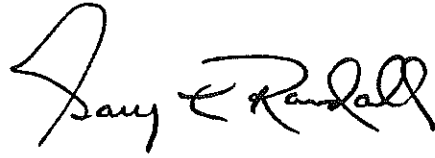

(a) "Calculated floor area" means that portion of the total gross area measured to the outside surfaces of exterior walls intended to be habitable space.

(b) "Habitable space" means space in a building used for living, sleeping, eating, or cooking. Habitable space does not include a heater or utility room, a crawl space, a basement, an attic, a garage, an open porch, a balcony, a terrace, a court, a deck, a bathroom, a toilet room, a closet, a hallway, a storage space, and other similar spaces not used for living, sleeping, eating, or cooking.

Sec. 2014. A person is subject to the penalties set forth in article 6 who commits 1 of the following:

- (a) Uses the term "architect", "professional engineer", "land surveyor", "professional surveyor", or a similar term in connection with the person's name unless the person is licensed in the appropriate practice under this article.
- (b) Presents or attempts to use as the person's own the license or seal of another.
- (c) Attempts to use an expired, suspended, or revoked license.
- (d) Uses the words "architecture", "professional engineering", "land surveying", "professional surveying", or a similar term in a firm name without authorization by the appropriate board.
- (e) Submits to a public official of this state or a political subdivision of this state for approval, a permit or a plan for filing as a public record, a specification, a report, or a land survey that does not bear 1 or more seals of a licensee as required by this article. This subdivision does not apply to a public work costing less than \$15,000.00 or a residential building containing not more than 3,500 square feet of calculated floor area. As used in this subdivision, "calculated floor area" means that term as defined in section 2012(2)(a).

This act is ordered to take immediate effect.

Clerk of the House of Representatives.

Secretary of the Senate.

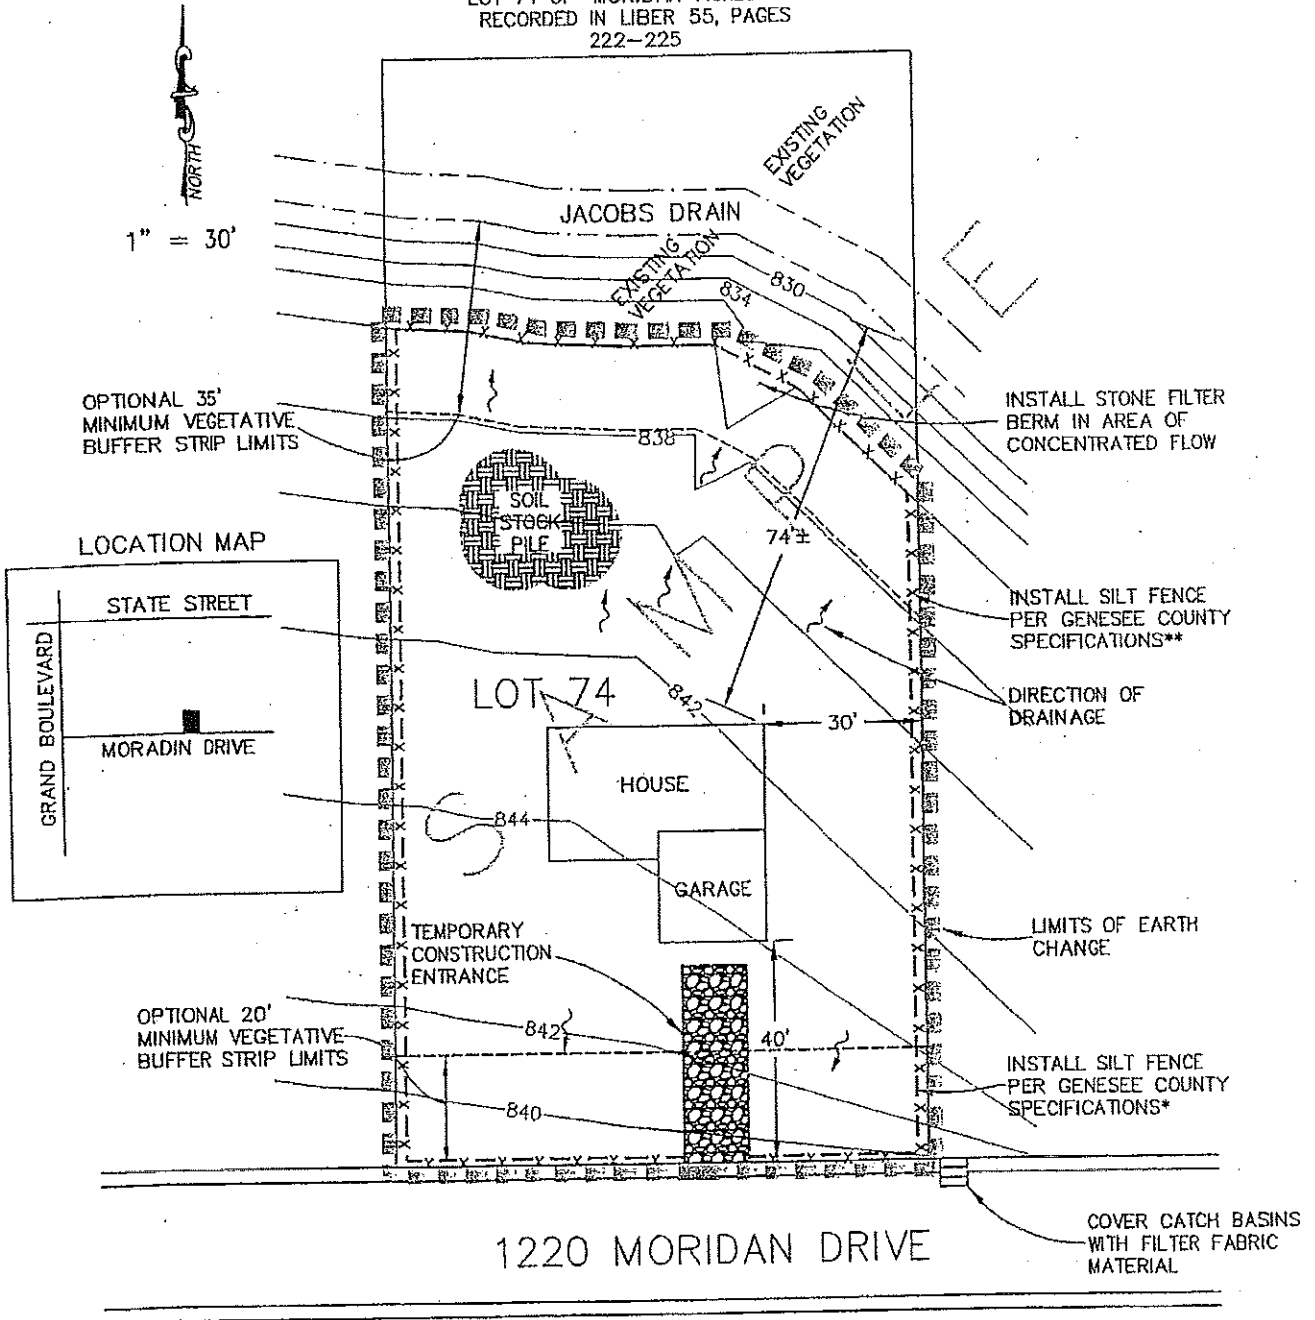

Approved _____

Governor.

3. PROPOSED EARTH CHANGE

Describe Project	Size of Earth Change (Acres, Linear feet or square feet)
Name of and distance to nearest Lake, Stream, or Drain	Date Project is to start
	Date Project is to be complete

4. PARTIES RESPONSIBLE FOR EARTH CHANGE

Name of <i>Individual</i> "On Site" Responsible for Earth Change (if not provided in box 1 above)				
Company Name			E-Mail Address	
Address	City	State	Zip	Phone

5. NOTICE TO APPLICANT

I understand that if a soil erosion and sedimentation control permit OR a waiver of a soil erosion and sedimentation control permit is issued, the above-mentioned property is not exempt from enforcement procedures under Part 91, of Act No. 451 of the Public Acts of 1994, as amended, being MCL § 324.32501 *et. seq.*

I hereby acknowledge that if a soil erosion and sedimentation control permit OR a waiver of a soil erosion and sedimentation control permit is issued, I hereby voluntarily grant the employees of the Genesee County Drain Commissioner's Office, Division of Water and Waste Services, or their designated agents permission to enter onto my property as set forth herein to ensure that the project conforms to the reason stated above as to why the proposed project qualifies for a soil erosion and sedimentation permit waiver. I further understand that if I revoke my consent for the employees of the Genesee County Drain Commissioner's Office, Division of Water and Waste Services, or their designated agents to enter onto the property set

**Genesee County Drain Commissioner Division of Water and Waste Services
Soil Erosion and Sedimentation Control Plan Submittal Checklist**

All SESC plans submitted to this office shall at a minimum be accompanied by the following information.

1. ___ Legal description, tax I.D. number and/or survey of site.
2. ___ A SESC site plan (scale of not more than 1"=200' on 24"x36" sheets) of the property with the items below clearly labeled :(Residential can be submitted on letter or legal paper)
 - A. ___ Name and address of Applicant. Name and address of landowner.
 - B. ___ Project Name, location, proximity to waters of the State (lake, stream, drain, wetlands) and (the 100 year floodplain contour for those waters for commercial applications only).
 - C. ___ Location map, NORTH arrow and drawing scale.
 - D. ___ Limits of earth change delineated and clearly labeled.
 - E. ___ Existing and proposed contours. If unchanged so state.
 - F. ___ Existing and proposed on-site and off-site (within drainage area of earth change) drainage and dewatering facilities including temporary dewatering shall be clearly labeled and identified.
 - G. ___ Existing on-site vegetation (type and location).
 - H. ___ Soil stock pile locations.
 - I. ___ Description of installation and location of all temporary and permanent erosion control measures, with measures clearly drafted and labeled with the (Michigan Unified Keying System and GCDC-WWS Specifications for commercial applications only).
 - J. ___ A program proposal for the continued maintenance of all permanent soil erosion and sediment control measures that remain after project completion.
 - K. ___ Person responsible for continued maintenance once permit is closed

Name: _____

Address: _____

Phone #: _____
Email address: _____

3. ___ A topographic map with the affected area clearly labeled.
4. ___ Existing soils information, with project area clearly labeled. (Soils Map)
5. ___ A completed Soil Erosion and Sedimentation Control application.
6. ___ A completed construction and maintenance schedule including a plan for permanent stabilization.
7. ___ A copy of any submitted MDEQ permit applications (as applicable) required for completing earthwork within the boundaries of waters of the state.

I hereby certify that the above information has been provided with the submitted plans.

Name of Party Preparing Checklist: _____

Signature: _____ Date: _____

OFFICE USE ONLY

This application review packet will be reviewed for completeness within 5 business days of being received. If the application review packet is found to be incomplete it will be returned in its entirety to the entity that made the submission.

Dated Received: _____

Is this application complete? YES NO

Dated Verified: _____

SESC Detailed Review:

Sign: _____ Date: _____

Project Engineer Authorization to issue SESC Permit: _____
(Commercial SESC ONLY)

Date: _____

Note: It is necessary to submit only one set of plans for review

SESC CONSTRUCTION AND MAINTENANCE SCHEDULE

Project Name: _____
 Anticipated Start Date: _____
 Anticipated End Date: _____

Construction Schedule

Construction Sequence	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Notes
Temporary SESC Measures													
Strip and Stockpile													
Rough Grading													
Underground Utilities													
Road Installation													
Building Construction													
Permanent SESC Measures													
Final Grade													
Landscaping													

Maintenance Schedule

Maintenance Sequence	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Notes
Street Sweeping													
Silt Fencing													
Maintain Buffer Strips													
Inlet Structures													
Seeding and Mulch													
Sediment Basins													
Rip-Rap													
Remove Temporary Measures													

Seeding and Planting Schedule

Temporary: (Refer to Tables 4 & 6 in MDEQ "Guidelines for Vegetative Erosion control" included with this packet)

Area on Plan	Mix #	Common Name	Natural Drainage Class Suitability	Suitable Uses	Rate lb/acre

Permanent: (Refer to Tables 4 & 6 in MDEQ "Guidelines for Vegetative Erosion control" included with this packet)

Area on Plan	Mix #	Common Name	Natural Drainage Class Suitability	Suitable Uses	Rate lb/acre

Trees and Shrubs: (Refer to Table 7 in MDEQ "Guidelines for Vegetative Erosion control" included with this packet)

Area on Plan	Quantity	Common Name	Scientific Name	Drainage Class	Notes

**FIGURE 802.10.1
ROOF LOADING DATA SHEET**

Authority: 1972 PA 230
This form is to be completed and given to the building official with the application for plan review and building permit. The applicant shall give a copy of the completed form to the truss manufacturer.

Completion:	Jurisdictional information should be included in this space	
	Township	County
Applicant's Name:	Date:	
Applicant's Address:	Permit Number:	
City:	State:	Zip:
Applicant's Signature:		
Job Location:		
Address:		
Township/Village/City:	County:	

Where prescriptive design is used, the ground snow load, P_g , from Table R301.2(1) shall be used as the design roof snow load, except, where section R802.10.2.1 applies, the design roof snow load shall be $.7P_g$. Additional unbalanced loads for drifting across the ridge are not required. Where engineered design is used, this form is to be completed by the permit applicant or design professional. The flat roof snow load, P_f , is defined as: $P_f = .7P_g(C_e)(C)(I)$. For factors C_e , C , and I , place an "X" in the appropriate box below that best describes the structure and the particular jobsite and substitute the corresponding values in the formula above. The result is the flat roof snow load and is applied as the truss top chord live load, TCLL1. All live loads and snow loads, including unbalanced loads and minimum loads, are to be applied per ASCE 7, chapters 4 and 7 and this code.

Ground Snow Load, $P_g =$ _____ From Figure R301.2(5) or MRC Table R301.2(5)

Exposure Factor C_e		Fully Exposed ¹	Partially Exposed ²	Sheltered ³
A	Large city center with at least $1/2$ the buildings exceeding 70 ft. in height.	N/A	1.1	1.3
B	Urban and suburban areas, wooded areas or other terrain with closely spaced objects having the size of single-family dwellings or larger.	0.9	1	1.2
C	Open terrain with scattered obstructions having heights less than 30 ft. (flat open country).	0.9	1	N/A
D	Flat unobstructed areas exposed to wind flowing over open water for a distance of at least 1 mile (i.e. Great Lakes).	0.8	0.9	N/A

Mark only 1 of the 9 boxes under the Exposure Factor with an "X." Do not mark "X" in grayed out boxes.

1. Fully Exposed: Roofs exposed on all sides with no shelter by terrain, higher structures, or trees.
2. Partially Exposed: All roofs except those designated as "fully exposed" or "sheltered."
3. Sheltered: Roofs located tight among conifers that qualify as obstructions.

Thermal Factor C_t		C_t
Thermal Condition ⁴		1
All structures except as listed below.		1.1
Structures kept just above freezing and those with cold, ventilated roofs with an R factor of 25 or greater between the ventilated and heated spaces, such as attics.		1.2
Unheated structures and those intentionally kept below freezing, such as seasonal building or storage buildings.		0.85
Continuously heated greenhouse with a roof R value less than 2 and having an interior temperature maintained at about 50 degrees 3 ft. above the floor during winter months and a temperature alarm system or an attendant to warn of a heating failure.		

Mark only 1 of the 4 boxes under the Thermal Factor with an "X."

Importance Factor (I)		I
Category		0.8
I	Building and other structures representing low hazard to human life, i.e.: Agricultural, Temporary, and Minor Storage Facilities.	1
II	All buildings except those listed in Categories III and IV.	1.1
III	Building and other structures representing substantial hazard to human life in the event of failure.	1.2
IV	Buildings and other structures designated as essential facilities.	

Mark only 1 of the 4 boxes under the Importance Factor with an "X."

Note: All roof trusses have additional live (storage) loads applied to the bottom chord where required per Table R301.5.
