Dear Postmaster,

RE: Consider Changing Zip Code from Flint, MI 48507 to Grand Blanc, MI 48439

I, _____ (Name and Title), representing

_____ (Business Name), Contact

Information _____ (Phone or E-mail)

strongly support the efforts of my Township and Chamber of Commerce to change our Zip Code from Flint, MI 48507 to Grand Blanc, MI 48439.

Our business is located in Grand Blanc Township, a considerable distance from the actual boundaries of the City of Flint. Our customers have always found it difficult to find our business and it is becoming increasingly more difficult to be located with the every changing enhanced technology. GPS and smart phones are unable to properly direct clients to our office, which may also result in safety issues for First Responders and could relate to lost revenue for our family and our employees.

While we understand there may be a considerable savings relating to insurance costs simply due to our Zip Code, we anticipate matching our Zip Code to the geographic location of our business would be a greater benefit to the welfare of our business. We are proud of our community and want to feel we are an integral, identifiable member of it.

For the sake of the economic impact on our business and employees, please consider changing our Zip Code from Flint, MI 48507 to Grand Blanc, MI 48439.

Sincerely,
