

Grand Blanc Community,

The Grand Blanc Township and City of Grand Blanc Police Departments are proud and honored to serve ALL residents of our diverse Grand Blanc community. Our departments have worked hard to engage our residents, build trust, and provide a superior level of service and safety.

We are deeply saddened and concerned by the senseless death of George Floyd. We condemn the actions of those officers. They were wrong and their actions were inexcusable. What occurred in Minneapolis should not happen in any community across this country. Those officers failed their profession and they failed the community they swore to protect and serve.

The ability of law enforcement to effectively serve their communities rests on their ability to earn and maintain the trust and cooperation of their residents. The actions of these officers have broken that trust in many communities across the country. We will continue to work with and for our residents to keep the Grand Blanc Community the amazing place that it is.

As law enforcement officers, our fundamental duty is to serve our community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder, and to respect the constitutional rights of all to liberty, equality and justice. We will continue to do this through partnering with the community, upholding the highest ethical standards, and remembering our commitment to service.

We know that we aren't always perfect, but our agencies are committed to upholding these duties and we will strive to do so with the professionalism that is expected and deserved by all members of our community.

We are confident and eager to rebuild any trust or relationships that were broken. Working together we have no doubt that we will be successful!
